**FROM LE HAVRE, DISCOVER THE ALLURE OF PARIS** The name Le Havre means port, a fitting name for a city whose harbour is so historically important. Napoleon stationed his navy here, and the port was key during both World Wars. As we sail into Le Havre, you'll probably want to venture into Normandy or head straight to Paris. But if you linger, you'll discover a charming city full of museums and pretty churches. France's capital is every bit as chic as its reputation implies. In fact, it's hard to imagine Paris as anything other than the 'City of Lights'. But all great cities have their humble beginnings, and this one started out as a Celtic fishing village. Fast forward through medieval times, the Sun King, the storming of the Bastille, Napoleon Bonaparte, the famous Can Can, expats and bohemians, the ravages of war, and haute couture... and you'll arrive in a world-class cultural mecca with an aura that's unmistakably Parisian. The region of Normandy has many interesting sites as well. Head to the beaches of Normandy, where Allied troops landed on D-Day. Or visit the medieval abbey at the mystical Mont Saint Michel.
